OVERVIEW

TBD Lighting, established in 2017, is a dynamic company leading the way in providing specialized sustainable energy solutions. As we rebrand to TBD Energy, we're adding EV and Biosecurity to our services, empowering businesses and organizations to take meaningful strides toward sustainability and enhanced energy efficiency. We are a certified Service-Disabled Veteran-Owned and Woman-Owned Small Business (SDVOSB and WOSB) committed to diversity and inclusion, built by a team of lighting and energy audit experts.

DIFFERENTIATORS

- Our team has 40+ years of experience in commercial lighting
- Product and vendor-neutral, focusing on tailored solutions aligning with each project's unique requirements
- Our "Custom Teams" approach guarantees 1:1 support and customization to meet each project's needs
- We prioritize customer education and empowerment with hands-on support and personalized care throughout the process, keeping customers informed and in control
- We hold LC (Lighting Certified), CLEP (Certified Lighting Efficiency Professional), and CLMC (Certified Lighting Management Consultant) certifications
- Electrical expertise, construction management, and administrative background ensure comprehensive support at multiple project levels

PAST PERFORMANCE/EXPERIENCE
